INDEX OF SUBJECTS

Biological correlations—the Hansch approach ed. R. F. Gould, reviewed by D. Woodcock, 160
Boron deficiency in cotton in Northern Nigeria. I. Factors influencing occurrence and methods of correction. II. The effect of variety (Smithson and Heathcote), 199, 209

Cassava, onset and rate of root bulking in (Wholey and Cock), 193
Cocoa seedlings as influenced by bean maturity, analysis of growth patterns in (Adenikinju), 141
Cotton in Northern Nigeria, boron deficiency in. I. Factors influencing occurrence and methods of correction. II. The effect of variety (Smithson and Heathcote), 199, 209
Cotton under three water regimes in the Sudan, growth, yield and quality of (El Nadi), 313
Cowpea and soyabean cultivars grown in the U.K. in summer, the effect of photoperiod on development of (Huxley, Summerfield and Hughes), 225
Cowpea (*Vigna sinensis* Endl.), correlation and path coefficient analysis in fodder (Dangi and Paroda), 23
Cowpea (*Vigna unguiculata*), effects of time of sowing and phosphamidon (dimecron) on (Enyi), 87
Cowpeas (*Vigna unguiculata*) in southern Nigeria, effects of close spacing on (Ezedinma), 289
Cucumis pepo L. (summer squash), effects of season on parthenocarpic and fertilized (Rylski), 39

Ecological atlas of grassland plants, by J. P. Grime and P. S. Lloyd, reviewed by Martin Borrill, 159

Farm management in Africa, by M. Upton, reviewed by J. D. MacArthur, 77
Farmers' options in low-income rural areas of the tropics: a conflict of priorities (Margaret Haswell), 281

Grapefruit (Marsh) trees in Sudan, effects of temporary water-tables on (Abbadi, Minessy and Abdelhafeez), 247
Groundnut cultivars, population and spacing studies with Malawian (Laurence), 177
Groundnut population in Zambia by bulk selection of seed, improving the quality of (Thomas, Prior and Grafius), 185

Legumes as rotational crops in the Gezira, the relative performance of forage (Musa and Burham), 131
Legumes in the Sudan, nodulation of. III. Response of haricot bean to inoculation (Habish and Ishag), 45
Low-income rural areas of the tropics, farmers' options in: a conflict of priorities (Margaret Haswell), 281

Maize, correlative analysis of yield and its components in (Prabhakaran Nair and Singh), 81
Maize in India, studies on fractional application of nitrogen to hybrid (Prabhakaran Nair and Singh), 257
Maize with pigeon peas on grain yield and nutrient uptake, effects of intercropping (Dalal), 219
Maize at Samaru, Nigeria, effects of previous crop on yield and nitrogen response of (Jones), 273
Mainhot utilissima (tapioca), growth and productivity of. IV. Development and yield of tubers (Williams), 9
Marsh grapefruit trees in Sudan, effects of temporary water-tables on (Abbadi, Minessy and Abdelhafeez), 247
Millet, pearl (*Pennisetum typhoides*) under semi-arid conditions, effects of mulches and type of seed bed on (Masood Ali and Rajendra Prasad), 263
Molybdenum, effect of, on the nitrogen metabolism of rice (Das Gupta and Basuchaudhuri), 251

Nitrogen response of maize at Samaru, Nigeria, effects of previous crop on yield and (Jones), 273

Onions, physiological studies of stored Wad Ramli (Musa, Adlan and Abdalla), 51

Pennisetum typhoides (pearl millet) under semi-arid conditions, effects of mulches and type of seed bed on (Masood Ali and Rajendra Prasad), 263

Phenol colour reaction for identification of rice varieties, use of (Sivasubramanian and Ramakrishnan), 299
Pigeon peas, effects of intercropping maize with, on grain yield and nutrient uptake (Dalal), 219
Plant responses to climatic factors, ed. by R. O. Slatyer, reviewed by J. J. Landsberg, 159

Rice, effect of molybdenum on the nitrogen metabolism of (Das Gupta and Basu-chaudhuri), 251
Rice, variability in leaf area of (Gomez and Palaniswamy), 169
Rice varieties, use of phenol colour reaction for identification of (Sivasubramanian and Ramakrishnan), 299
Root crops, by Mrs D. E. Kay, reviewed by D. L. Jennings, 319

Seed ecology, ed. by W. Heydecker, reviewed by J. B. Blundell, 77
Sesame, estimates of genetic and environmental variability in (Gizouli Osman and Osman Khidir), 105
Sesame, growth and yield of irrigated. I. Effects of population and variety on vegetative growth. II. Effects of population and variety on reproductive growth and seed yield (Lazim and El Nadi), 65, 71
Sesame, relations of yield components in (Gizouli Osman and Osman Khidir), 97
Sorghum varieties to intercropping, responses of (Andrews), 57
Soyabean and cowpea cultivars grown in the U.K. in summer, the effect of photoperiod on development of (Huxley, Summerfield and Hughes), 225
Soybeans, a quantitative shatter index of (Quick), 149
Sugar cane, foliar diagnosis of nutrient deficiencies in Mauritius. I. Changes in optimum leaf nitrogen with ecological conditions (Nababsing and Halais), 161
Sugarcane physiology, by Alex. G. Alexander, reviewed by G. V. Stevenson, 319
Sugar cane, studies of ripeners on. I. Effects of Mon O45 on growth and sucrose content. II. The distribution of dry matter and sucrose in the sugar cane stalk following treatment with ripener Mon O45 (Julien), 113, 123
Summar squash (*Cucumis pepo* L.), effects of season on parthenocarpic and fertilized (Rylski), 39
Sweet potato yields in Sierra Leone, effects of cutting lengths on (Godfrey-Sam-Aggrey), 33
Systemic fungicides, ed. by R. W. Marsh, reviewed by I. J. Graham-Bryce, 79

Tapioca (*Manihot utilissima*), growth and productivity of. IV. Development and yield of tubers (Williams), 9
Techniques for field experiments with rice, by K. A. Gomez, reviewed by Brian Westcott, 79
Tropical forest soils of Nigeria, the wilting point and available moisture in (Obi), 305

Vigna sinensis Endl. (cowpea), correlation and path coefficient analysis in fodder (Dangi and Paroda), 23
Vigna unguiculata (cowpea), effects of time of sowing and phosphamidon (dimecron) on (Enyi), 87
Vigna unguiculata (cowpeas) in southern Nigeria, effects of close spacing on (Ezedinma), 289

Water conservation in three grain crops in the Zambezi Valley (Honisch), 1
Wheat under irrigation and moisture stress, heterosis and combining ability in (Sinolinding and Rehman Chowdhry), 241

Yams, effects of spacing, sett weight and fertilizers on yield and yield components in (Gurnah), 17
